DAILY NEVADA STATE JOURNAL.

VOL. LXI. RENO, NEVADA, SATURDAY MORNING, OCTOBER 17, 1903. No. 10

SURELY SEEMS UNJUST TO RENO

If the State and County Levy Licenses on Reno Business People They Ought Not Claim a Share of the City Licenses

In the Supreme Court yesterday Attorney General Sweeney entered a plea for intervention in behalf of the State of Nevada in the case of the City of Reno vs. D. B. Boyd, Treasurer of Washoe county, says the Appeal.

This case is a mandamus proceeding recently instituted by the City of Reno against Treasurer Boyd to compel him to apportion all of the license money collected in Reno in the Reno general fund.

The attorney-general contends that under the revenue laws of Nevada and the Reno Incorporation Act, one quarter of this money must be turned over to the state, and in support of his postion has filed an elaborate brief.

This action was brought to save for municipal purposes the license money collected in the city. If the county persists in claiming one-fourth of the license money and the state another fourth, it appears reasonable to The Journal that neither the state nor county should level their own taxes on any individual or firm doing business in this city.

Changing Location

The store room formerly occupied by Gray, Reid, Wright company, has been leased by R. Cleator, the shoeman, who is now engaged in removing his stock from the O'Connor block to the new location. Mr. Cleator intends to greatly increase his stock in the new quarters and equip it as a thoroughly modern shoe emporium.

Held to Answer

George Smith, who was arrested on the charge of assaulting Ike May with a deadly weapon, was yesterday held by Judge Nash to await action by the grand jury. The bonds were fixed at $500 and were furnished.

In From the Camp

George S. Nixon came in from Tonopah last evening, where he is interested in several mining propositions. After spending a day or two in this city he will continue on to his home in Winnemucca

Two Shifts Now

The Reno Mill and Lumber company is now running day and night in order to fill the rapidly accumulating orders. The saw mill of the company will be operated as long as the season remains open.

A New Industry

F. S. Austin of Benecia is considering the proposition of starting a tannery in this city and has written to the Reno Chamber of Commerce for information regarding the matter.

Social Dance

Last evening a party was given by the Glendale social club. A number of young people of this city were in attendance.

The Lake Tahoe railroad company have discontinued running trains for the season.

TODAY IS TO SEE BIG GAME

Reliance Athletic Club Comes to Reno With a Splendid Record, Hardly Second to That the Big Universities

The annual game of football between the Reliance Athletic Club of Oakland and the Nevada State University will be played this afternoon on the university athletic field. The Reliance giants under charge of Manager Pete Smith, the old California football hero, will arrive this morning on No. 6. The team will first be escorted to Lincoln hall, and then to the university dining rooms, where Professor Brown has spared no pains in preparing for them the choicest steaks, in the Nevada training quarters

After breakfast the Reliance boys will indulge in light signal practice, and then they will calmly await the terrific, inevitable struggle a struggle that will go down as an epoch in Nevada football history.

Without doubt it will be recorded not only as the fiercest, but, in addition, one of the most beautiful exhibitions of the art of modern football playing ever seen here.

The Reliance team is composed of old 'varsity men from the entire west, and this year they have succeeded in obtaining two great eastern stars. Mr. Cavanaugh, their center, comes from the University of Chicago, and has played against Michigan, Harvard, Cornell and Yale. All of the old University of California and Stanford football players available are in the squad.

Their last game was with University of California, in which California was victorious by a place kick. The decision on behalf of the California officials were such as to cause several members of the Reliance team to leave the field disgusted and they absolutely refused to further participate in the game.

However, California failed to crowd them back for a touchdown, and this in itself is sufficient to demonstrate their power on defense.

The Nevada team works like a machine. This was clearly shown in the game with the 32nd artillery. Their effective methods of offensive and defensive attack would worry any football team in the west.

Captain Frank Smith has expressed himself as pleased with the outlook, and firmly believes, barring accidents, that his team will be victorious.

Bleachers have been erected on the hillside adjacent to the arena. The seating capacity is about 400. This will be a great convenience to the older people who desire a comfortable seat while the contest is going on.

The kick-off takes place at 2:30 p m. The team that is lucky enough to receive the ball, may make a touchdown While it is pretty generally known that Nevada will force her opponents back on offensive play, the same can safely be said of Reliance. Don't fail to be present on the sidelines this afternoon.

WILL FORM DISTRICT

Mining Recorder Will Be Selected At a Meeting of Miners to be Held in the Near Future

A. J Pritchett and Jas Merklinger came in from the new mining camp at Ninth Crossing, now known as Adoth. About fifteen men are working on the several claims of the new district. No new developments have occurred, but the ledges continue to increase in width and evidences of permanency. A meeting will be held within the next few days for the purpose of organizing a mining district and electing a recorder

COURT CALENDAR

Cases Set for the Ensuing Term of the District Court

Judge Curler held a session of court all day and the criminal calendar for the coming term was set. In speaking of the business of this term Judge Curler thought it would take a month to clear up the criminal cases alone.

During the afternoon session of court the demurrer was heard in the case of Joseph Schlitz Brewing Company vs. Robert Grimmon, and the demurrer in the case of the White Sewing Machine Company vs Fowler.

In the estate of O. H. Perry, deceased, a motion to publish the notice that letters of administration had been issued, was made by Attorney Mack.

Letters of administration were issued to Mrs. M. E. Lake in the estate of G. E. Vosburg, and the bonds fixed at $150. A board of appraisers were appointed.

In the case of W. J. Davenport vs. C. B. Bell, Attorney F. H. Norcross made a motion to have the setting of the case vacated and case continued for the term.

The following cases were set for the next term of court: State vs Oga and Tenabe, set for November 5th; State vs. R. Alsou, set for November 6th; State vs. Harry Pettit, set for November 9th; case of Mullen vs Golden, set for November 10; Watson vs. West, administrator, set for November 30th; Linton vs. Golden, set for December 3d; Bender, administration, vs Griswold, set for December 21st; Cole vs. Ayers, demurrer was overruled.

The session of the court was greatly disturbed by the mechanics working in the building.

Received Their Reward

Special to The Journal]

SACRAMENTO, Oct. 16.—Governor Pardee has pardoned from Folsom, Convicts Joseph Casey and John Martinez, life termers for murder and commuted the sentences of O. C. Clark, Charles Abbott and William Grider These were granted because the men aided officers in the attempt to prevent the recent break.

Mountain of Ore

Special to The Journal]

HAMILTON, Mont., Oct. 16.—Five thousand prospectors are on their way from Hamilton, Mont., to Owl Creek, Idaho, where rich gold quartz and placers were discovered by W. D. Cross of this city. Cross staked out an entire mountain of ore running from $14 to $300 per ton. The Owl creek district equals the Klondike in richness.

Honey Destroyed By Fire

Special to The Journal]

VENTURA, Cal , Oct. 16.—Fires in the mountains east of Ventura have destroyed several of the largest apiaries. The loss of honey will make the fire one of the most destructive in the history of the county. The heaviest losers are Orcutt and Moore, who have a large apiary near Santa Paula.

$20 Reward

A reward of $20 will be paid for information leading to the arrest and conviction of any one found breaking windows and damaging property belonging to the undersigned, corner of Second and Bell street M. FRANK.

WORKS BEGINS ON THE S. P. SHOPS

Excavations Starts This Morning for a Building 120x500 Feet and in Meantime Roundhouse Is Assuming Dimensions

This morning Engineer Barclay will put a force of men to work excavating for the first machine shop to be erected in East Reno. It will be a brick building 120 feet wide and 500 feet long.

In the meantime thirty bricklayers and hod carriers are at work under Fahrion & Smith rearing the walls of the roundhouse and a large force is at work completing the concrete work for the transfer table. The latter building will be 70 by 296 feet.

There are nearly a dozen buildings to be erected by the company at East Reno, but the three mentioned are probably all that will be constructed this season. Over 500 men are now at work there and the force is being steadily increased.

Objection to Mrs. Platt

Special to The Journal]

WASHINGTON, Oct. 16.—When the word came to Washington that Senator Platt was to live at the Arlington with his wife, notice was served upon the management by certain of the women that they would not submit to having Mrs. Platt take her place as a guest among them The hotel management has not answered the protest. Platt's apartments at the Arlington are engaged.

Fight Was a Draw

Special to The Journal]

LOS ANGELES, Oct. 16.—Frankie Neil of San Francisco fought a draw here tonight with Johnny Reagan. It lasted twenty rounds. Neil was picked as a sure winner, but Reagan had the best of the contest, although he could not score a knockout. The San Francisco boy was badly surprised.

For an up-to-date buggy, rubber tired surrey, trap or any style of a family rig call on Sanders Oakes Co.

SMALL THINGS

CHAMP CLARK says in the New Age: "He who said 'take care of the pence and the pounds will take care of themselves' was a wise man. He had in mind the value of small things. A poet has expressed the same idea in these lines:

A pebble in the streamlet scant
Has turned the course of many a river;
A dewdrop on the baby plant
Has dwarfed the giant oak forever.

Once when I was debating with General Charles Henry Grosvenor he was enlarging on the universal prosperity in 1892 and the consequent happiness of the people. I interrupted him to ask how it happened, then, that the voters of the land repudiated General Benjamin Harrison's administration by such an overwhelming majority. He replied, "The Homestead riots defeated the Republicans in 1892." History repeats itself not only sometimes, but frequently. President Roosevelt is popular, and yet the Miller incident may do for him what the Homestead riots did for President Harrison. Nous verrons.

COLOMBIA BACKING WATER

REPORTS come from Colombia that congress has passed a law authorizing the President to conclude a canal treaty with the United States under certain conditions. It is not stated what the conditions are. The Colombian minister, while he has no information on the subject, believes the conditions are not those on which the congress recently insisted. The whole thing may be, and looks to be, for the purposes of delay. The treaty had once been arranged and doubtless would have been ratified by the Colombian congress had not other interests interfered to prevent it. Under the terms of the Spooner act the president of the United States is required to take up negotiations with Nicaragua unless he makes terms with Colombia within a reasonable time. The "reasonable time" might seem to have expired with the failure to ratify the original treaty, when new demands were imposed by Colombia. This new report leaves it optional with the president to delay for two years any definite action in the matter.

COMMISSIONER WARE'S private secretary sees no prospect of a material reduction in pension payments for years to come. "Back pensions," he says, "make up what is lost by deaths." The commissioner estimates that there are at present 200,000 Union soldiers who have not applied for pensions, but these men are rapidly making applications, and it is estimated that at the end of five years the number wil have been reduced to 60,000, and that at the end of ten years it will cease to be an appreciable factor. The end of the decade should see a rapid decrease in total payments unless new legislation is enacted. The Grand Army of the Republic has already adopted resolutions calling for an extension of the pension system, and if congress takes favorable action it will be hard to tell when the total amount for civil war pensions will decline to any important extent.

MEMBERS of the Chicago board of trade are in a terrible state of mind because Judge Shiras has decided that five per cent of the business done by the board is pure gambling and that losers may have judgments against ther brokers. The decision is new in law but not in fact. The percentage has been placed too low. A large part of the business done on stock exchanges and boards of trade is nothing but gambling. Some of it is legitimate and the difference between the legitimate and illigitimate is so slight that congress has always found it difficult if not impossible to enact any satisfactory law to restrain dealing in futures.

THERE is a prospect of a terrible mixup in municipal affairs in New York. The Citizens Union endorses Low, whose administration as mayor has not been altogether satisfactory and who has few elements of popularity. Lewis Nixon, former head of Tammany, announces that he will be a candidate on a straight party ticket, no matter how little support he may have. District Attorney Jerome who was an important factor in electing the fusion administration, is bitterly opposed to the nomination of Low and it is said now that some of the Democrats on the fusion ticket will also accept places on their party ticket as well.

THE story that the Standard oil Company has pumped salt water into the wells of rivals in Texas to injure their output and has thenbough t the wells at its own price is of course denied. It is so like other things charged against that monopoly all through its unscrupulus career that it will not be generally doubted.

THE gentlemen who have closed down the anthracite mines venture the prediction that there will be a shortage. It does not take much to be a good guesser under these circumstances.

SENATOR HANNA refused to debate with John H. Clark, Democratic candidate for Senator in Ohio, because the latter represents too much. Mr. Hanna represents too little.

FOR some time it has been known that Sir Thomas Lipton did not consider the international yacht races, as conducted at present, a fair test of the abilities of England and America in shipbuilding. In an article in the Cosmopolitan for October, Sir Thomas predicts that the course for the international cup race of the future will lie across the ocean. This would of course, necessitate boats of a useful class, not mere racing machines, and would both promote a keener rivalry between the foremost European nations and America, and at the same time encourage advances in naval architecture and be of the greatest value to shipping. The Cosmopolitan has offered a $5,000 cup for sailing vessels under conditions which make all the competitors of the greatest use to commerce.

GENERAL MILES received a ringing endorsement from the chairman of the Massachusetts Democratic State convention, and the speaker was heartily cheered by the delegates. This is hardly sufficient, however, to constitute a confirmation of the report that the Democracy would makes Miles its candidate for the presidency next year. While Miles deserves all the good things said of him it is difficult to explain how he, with no special knowledeg of politics or statecraft, should have been prominently mentioned and no mention at all made of Richard Olney, who has filled with credit and distinction two important cabinet positions.—Argus and Patriot.

No doubt Turkey would like to have American ships withdrawn from Beirut. She didn't want them sent there in the first place. As long as American representatives say no real order has been restored in the disaffected districts the vessels are likely to remain.

THOSE who imagined that congress would be called in special session before election overlooked the fact that something besides legislation for the country's good is under consideration.

THE BEST THAT CAN

But the Time is Not Far Distant When the East Side of Lower Virginia Street Will Have Better Looks

The owners of the dilapidated wooden structures on lower Virginia street opposite the new Thoma-Bigelow block are endeavoring to improve their property, at least insofar as paint and putty can do the trick One commendable result will follow their efforts, and that is the removal covering of the kaleidoscopic signs of an advertised mineral water which was a hideous nightmare in colors.

It is certainly to be regretted that these structures, which have long outlived their usefulness, cannot be replaced by buildings of a size and character commensurate with the value of the land which they now encumber, but "Rome was not built in a day," and it is not probable even Reno with all its progressiveness will be more successful in accomplishing the feat

Lovers of the beautiful will look forward to the time, happily not far distant, when a magnificent Masonic temple and a government building will adorn the corners of First and Virginia streets.

On the Gridiron Today

Special to The Journal]

NEW YORK, Oct. 16.—More interesting and less one-sided football contests than those which have taken place thus far this season should result from those scheduled for tomorrow afternoon Harvard plays West Point at West Point, Princeton and the Carlisle Indians meet on the gridiron at Princeton and Pennsylvania and Brown play at Philadelphia In the west Chicago and Northwestern play at Chicago, Iowa and Minnesota at Minneapolis, Illinois and Purdue at Lafayette, Nebraska and Haskell Indians at Lincoln, Wisconsin and Beloit at Madison, Michigan and Indiana at Ann Arbor, Kansas and Colorado at Denver, and Missouri and Washburn at Columbia.

Wabash to Restore Trains

Special to The Journal]

CHICAGO, Oct. 16 — The Wabash railroad's Pacific Coast service between this city and Los Angeles and San Francisco is to be restored tonight when the first train, consisting of superb new pullot and sleeping cars, is to leave Chicago for the far west. In addition to restoring the Pacific coast service the Wabash will beginning tomorrow maintain a through service between Chicago and Galveston, by way of the Iron Mountain and International & Great Northern

Received the Trophy

The Reno Building Trades Council have received a communication from the secretary of the Virginia City Miners' Union acknowledging the receipt of the handsome trophy won by the Virginia union in the drilling contest on Labor Day. A vote of thanks was extended the Building Trades of Washoe County for the beautiful trophy and closes with renewed assurance of friendship in the cause of unionism.

Business Change

J. J Miller, better known as "Johnnie," has purchased from "Shorty" the roadhouse at the racetrack. He will have a grand opening Sunday from 2 o'clock on and will disburse clam juice and steamed clams to all comers. First class meals will be served at all hours. Further particulars will appear in Mr. Miller's ad.

Allied Trades Will Smoke

Committeeman Burton visited the painters' union last evening in the interest of the smoker and social to be held one week from tonight at Riter's hall. Some big doin's are promised: including a colored minstrel performance, jokes, stale and otherwise, short speeches, and a royal good time generally will be had.

More War Clouds

Special to The Journal]

LONDON, Oct. 16 — In spite of official statements negotiations between China and Japan are proceeding peacefully. The situation is grave and both powers will rush preparations. Japan has an army of 100,000 men ready to transport to Corea or Manchuria.

General Assembly

C. B. Newton addressed the general assembly yesterday in the university gymnasium. He related his experiences while touring Hawaii and gave other humorous selections.

Change Takes Place

The bar of the Palace hotel is now closed, but Henry Piper will for some time look after the rooms in the upper stories of the hotel, while the proposed improvements are in progress.

A Fire Sale

Bargains in tinware, agateware, stoves, ranges and cooking utensils. Slightly damaged by water, at your own price. Ainley & Son, 305 Sierra street. O14t3

Who are we? We're the Company who have introduced the sale of Ladies' Tailor-made Suits, Furs and Jackets, Gent's Tailor-made Suits on the Tontine Installment plan. Here's our proposition in brief:

The Company offers to sell Merchandise Investment Contracts on the installment plan, stipulatin that the purchaser thereof shall pay in advance upon each contract six, nine, or twelve weekly payments (according to contract taken) of $2 each, together with $3 at the time of issuing the contract, a total of $15, $21, or $27.

When a contract is fully paid, the Company acknowledges the same upon its books as a paid-up Contract, and on its part agrees to deliver to said Contract holder upon surrender of his or her Contract, a made-to-measure Suit, Overcoat, Ladies' Tailor-made Suit, Fur or Jacket, of the retail value of $25, $35, or $45, (according to contract taken.)

If payments are regularly made a saving of 66 2-3 per cent will be made by your buying througt us!

On a $45 suit we save you $18
On a 35 suit we save you 14
On a 25 suit we save you 10

POLLUTING TRUCKEE RIVER

Health of a Community of More Importance Than Maintenance of Paper Mills

The people of Reno who are striving to have the Floriston paper mill cease dumping its chemical refuse into the Truckee river would be interested in the fight now going on between pulp and paper mills on Lake Champlain and the residents along its shores.

The mills there are similar to the one at Floriston. One of the large ones is said to empty over 200,000 gallons of refuse per day into the lake.

The result has been first that great quantities of fish have been killed and are washed on shore, while the rocks in the vicinity are being coated with lime and slime. The city of Burlington, which obtains its water supply from the lake is suffering from the impurities introduced and is protesting in the courts and in the legislature. The mills have never been able to show that they could not easily avoid this pollution, and the Supreme Court will be asked to enjoin them from committing further nuisance. This will undoubtedly result in the temporary closing down of the mills, but will present a valuable lesson for the mill owners. It was Chief Justice Brewer who said: "Stop the destruction of fish by emptying of poisonous drugs from the mills into our lakes and streams. An acre of water is worth as much as an acre of land for production, but it must be cultivated as must the land."

The people of Reno, however, have another interest apart from the destruction of fish, although that itself should be sufficient. It may be argued that the lime and small percentages of sulphuric acid are splendid medical remedies and not injurious. However the last claim may be, no citizen wishes to think that every time he drinks a glass of water he is consuming even an infinitesimal quantity of drugs. The preservation of the purity of our streams and lakes is of more importance to the community, by far, than the maintenance of a few paper mills. In this and all other cases noted, however, the mill owners will be put to no unreasonable expense for the establishment of a system of taking care of their refuse chemicals, without forcing them upon all users of the Truckee river or other water bodies.—Carson News.

Death of A. R. Gray

Last Sunday morning the veteran prospector, A. R. Gray, who had been ill only a few days, passed away at the Briggs House in Carson. He was one of the pioneers of this county, and spent the best part of his life prospecting in the Pine Nut hills. Fate was against him, however, and he died just at the time he believed he had found his long looked-for bonanza. He was a native of Georgia and about 72 years of age.—Record.

Price of Silver Mounting Upward

Silver was quoted at 60,7-8 per ounce today—the highest figure touched by that metal in about 15 years. The lowest price reached was several months ago when it dropped to 49 cents per ounce. If the advance in the white metal continues many mining districts in this state now practically abandoned, will ring again with the clang of hammer, pick and drill and the "dull thud" of exploding blasts.

Will Stand As Assessed

The board of equalization of Eureka county refused to reduce the assessment of $1 per acre on the patented lands, of railroad company. The Central Pacific, through Mr. Nixon, asked the board to reduce the assessment to 50 cents an acre.

SPRIGS FROM ARTEMISIA

Brief Cullings of State News From Nevada Exchanges

John Housel and Sophia Taufer were married at Elko last Wednesday.

It is rumored that Gardnerville is to have another newspaper after the first of next year.

Nezelda, the new mining camp in Churchill county, boasts that it is the only mining camp west of the Rocky mountains that has no saloon.

Charles G. Altman and Miss Anna A. E. Elges were married last evening at the home of the bride's parents near Gardnerville. The Courier extends hearty congratulations.

The engagement is announced of William Blake and Miss Lizette Duncan, former popular young Comstockers. The marriage will take place in San Francisco next Wednesday.

World's Fair Commissioner Yerington had photographs taken yesterday of the old log house at Genoa, the first building erected in the State of Nevada, for exhibition at the St. Louis Fair.

Hamilton Has Promising Future

Hamilton, White Pine county, which thirty-five years ago boasted a population of fifteen thousand, which dwindled down to less than one hundred inhabitants through the demonetization of silver, is again coming to the front, the Ne Plus Ultra being added to the Rocco-Homestake as a steady producer. The silver lead ore from the latter is of a grade sufficiently high to leave a big net margin after paying transportation by team fifty miles and shipment by rail to New Jersey smelters.

Will Organize An Aerie

It is proposed to organize an Aerie of Eagles in Gardnerville the latter part of November. A large number of Reno and Virginia Eagles, including the Eagle band, have promised to come here, and a big time is anticipated. Thirty names of the fifty required to get the charter are now on the list.

Married

Albert E. Chandler, of this city, and Miss Maud Grover, of Santa Cruz California, were married on October 14th. They will be at home in Carson City after November 10th.

Mr. Chandler is state engineer of Nevada, a position created by the last session of the legislature.—Carson News.

Death of Former Nevadan

Pierce Vore received a dispatch last night from J. T. Turner of San Francisco stating that John Trenor, a former resident of this county, was dead and that he would leave for Elko with the remains tonight. The time for the funeral will be set after the arrival of the remains.

Ed is Paterfamilias

Prof. Caine didn't care a snap this morning whether school kept or not. The cause of his indifference to his daily duties was the arrival of a brand new young man at his house. Mother and child are doing well and the old man is way up in "G."—Independent

Rich Strike at Golden Gate

A rich ledge was uncovered this week at the Golden Gate mine, 200 feet from the grass roots. The rock assays into the hundreds and demonstrates conclusively that the Golden Gate is a valuable mine.—Record.

Made a Winning

A few days ago it was announced that some one in Carson City had won $400 on a ten-cent lottery ticket.

It turns out that Henry Fothergill is the fortunate individual.—News.

Great Military Maneuvers to be Conducted at Ft. Riley

Special to The Journal

FORT RILEY, Kas., Oct. 16.—Beginning today and continuing until October 27 the army reservation here is to be the scene of the greatest military maneuvers ever conducted in the United States. The success of the maneuvers held here last fall inspired the war department to lay the plans this year on a much larger scale. The movements of the troops will extend over an area of 225 square miles, instead of being limited to nineteen square miles, as they were a year ago, and the number of troops has been doubled.

The game will be largely one of strategy. All the arms of the service will take part in it. The artillery will be represented by nine light batteries—the largest and strongest force of field artillery that has been brought together in this country since the civil war—with Major William H. Coffin in command. There will be a brigade of cavalry, under Gen. C. C. C. Carr, and brigades of infantry commanded by Brigadier Generals Fred D. Grant, J. Franklin Bell and Thomas H. Berry. In command of all the operations is Major General John C. Bates.

One of the most important, not to say picturesque, features of the war game will be an attack upon a convoy of food supplies. A supply train, composed as it is of a string of loaded wagons miles in length, is obviously vulnerable to assault and correspondingly difficult to defend. The problem is to fetch it through, in order that the victuals in question may not go to recruit the larder of the foe.

Where a railway runs through a scene of military operations, as in this neighborhood, the control of it often determines the success of any army. Hence the importance of securing the mastership of traffic over the Union Pacific road. Whichever force, the blue or the brown, obtains, theoretically ed by the war department. They will decide which wins, the blue army or brown army, when an attack is made upon a fortified village. It will be their function to determine an intrenched position has been (technically) captured and whether this regiment or that brigade, has been (constructively) wiped out. From their decision there will be no appeal.

In the course of the operations an entire division will be marched out and deployed for battle. An attack in force will be made upon an outpost, after preliminary skirmishing and reconnoissance, and the blue and brown armies will finally come into collision. The forces being pretty evenly matched, the losses on both sides may be expected to be large, though the wounded will not require hospital treatment, and the dead will, happily, come to life again after the fray.

One of the most important objects of the maneuvers is to afford to officers of the several arms an opportunity for observing the evolutions and capabilities of the other arms. Thus the cavalrymen will see what the infantry and artillery are doing and the artillery will get a more definite notion of the sort of co-operation which may be expected from the infantry and cavalry. The value of this is obvious. Of course, the engineers will have their own important part to play in the operations, constructing pontoon bridges and throwing up earthworks, while the signal corps, with telegraphs, telephones and a balloon, will attend to the business of conveying intelligence.

The work of establishing the camp was completed today. The camp extends several miles along the Kansas river. The site is well drained and there exists a plentiful supply of pure water. The work of feeding the army during the thirteen days is in charge of Captain A. M. Davis, the commissary of the department of the Missouri. A depot commissary has been put up near the camp, where all articles which the troops may need may be purchased. Arrangements have been perfected to supply the troops with fresh beef, fresh vegetables and fresh bread every day while they are encamped on the reservation. The supply of bread will come from the army bakery at Fort Riley, which will be operated night and day during the next two weeks.

Three More Residences

S P. Gray, the contractor, will begin work today on three cottages on Chestnut street for S. Pitts. They will cost $2000 each.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in every one's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes," Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

OF FRANCHISE

Resolution for the granting of a Franchise, right of way and permission to J. B. O'Sullivan, John Sunderland and Oscar J. Smith to construct, maintain and operate for themselves, their successors in interest and assigns a street railway over, upon and along certain streets and portions of streets in the City of Reno County of Washoe, State of Nevada, the time and condition of the proposed Franchise and for the calling of a special election for the purpose of submitting to the qualified electors of the City of Reno the proposition of granting said Franchise.

WHEREAS J. B. O'Sullivan, John Sunderland and Oscar J. Smith have presented to the City Council of the City of Reno their application or petition praying that a special election be called and held for the purpose of voting the granting of a Franchise, right, right of way and permission to said applicants or petitioners their successors in interest and assigns to construct, maintain and operate a street railway system in said City of Reno, and the passage and adoption of a resolution by said City Council to that effect and specifying the time, terms and conditions under which the said Franchise is proposed to be granted.

NOW THEREFORE be it resolved by the City Council of the City of Reno that a Franchise, right, right of way and permission to construct, maintain and operate a single or double track street railway over upon and along the streets, avenues and portions of streets and avenues hereinafter named be granted to said applicants and petitioners to-wit: J. B. O'Sullivan, John Sunderland and Oscar J. Smith their successors in interest and assigns, upon the terms and conditions hereinafter set forth and for a period of Forty years, that is to say that a Franchise be granted unto said applicants or petitioners, their successors in interest and assigns in the manner provided by law to construct, maintain and operate a single or double track street railway in the City of Reno over upon and along the following named streets and avenues to-wit:

Commencing at the intersection of Plaza and Lake streets, thence northerly on Lake street to Ninth street also on Alameda Avenue from Fourth street to the Fair Grounds also on Fourth street from the eastern limits of the City of Reno westerly to Washington street; also on Washington street northerly from Fourth street to Seventh street, thence easterly on Seventh street to Ralston street, thence northerly on Ralston street to Maple street; thence easterly on Maple street to Sierra street; also from the northern limits of the City of Reno southerly on Sierra street to the south line of First street also across that certain alley which is on the north bank of the Truckee river on the line of Sierra street extended (if there be an alley there belonging to said City) and across the Truckee river on the line of Sierra street extended as aforesaid, to Island Avenue; also easterly on Ninth street from Sierra street to Lake street; also westerly on Island Avenue to Rainbow street, thence southerly on Rainbow street to Court street; thence westerly on Court street to Belmont Road; (or westerly on Island Avenue extended to Belmont Road) thence southwesterly on Belmont Road to California Avenue; thence easterly on California Avenue to South Virginia street; thence northerly on South Virginia street to Mill street; thence easterly on Mill street to Truckee street; thence southerly on Truckee street to East Mill street; thence easterly on East Mill street to the easterly limits of the City of Reno; also northerly on Park street from Mill street to Fourth street; also on Plaza street from Lake street to Sierra street.

And also upon such other streets as may be hereafter agreed upon between applicants and petitioners their successors in interest and assigns and the City Council of the City of Reno in lieu of any of the above named streets or in addition thereto.

And for the purposes of such street railway system that said Franchise grant unto the said applicants and petitioners their successors in interest and assigns the right to construct, maintain and operate a single or double track street railway over, upon and along the above named streets and portions of streets, avenues and portions of avenues with such poles, wires, switches and turnouts and other tracks and wires as may be convenient and necessary for the successful and economic operation of said street railway system.

The terms, conditions, restrictions and limitations under which said Franchise and all the rights, privileges permits and immunities thereby conferred are granted are as follows to-wit:

1. The street railway constructed maintained, and operated under said Franchise shall be used for the transportation of passengers and the mails of the United States only.

2. The tracks to be laid under said Franchise shall be laid along the center of the streets and avenues traversed thereby, or as near thereto as existing conditions will allow. All cars used or run over said railway shall be propelled by electricity or some other motive power that is now or that may hereafter be allowed by law except horses, mules, steam locomotives or steam dummies, and the right is hereby given and granted to said applicants and petitioners, their successors in interest and assigns to substitute one such motive power for another as aforesaid whenever the interests and business of said grantees, their successors in interest or assigns or the general welfare or convenience of the public may seem to demand the same, subject to reasonable regulations by the City Council of said City.

3. The said grantees their successors in interest and assigns shall use in the construction of said street railway good standard material including rails of the most approved pattern.

4. Said grantees, or their successors in interest and assigns shall at their own expense at all times keep the space within and between any and all such tracks and two feet on each side thereof in as good repair as the adjoining street, and that whenever said adjoining street is paved or macadamized graded or regraded, then said grantees their successors in interest or assigns, shall have the space within and between any and all such tracks and for a space of two feet on each side thereof, and between the tracks where sidings or two tracks are laid, paved or macadamized with the same material as may be used for such purposes by said City, and under the same supervision and specifications and in the same manner as upon the streets or portions of streets over which said railway runs or the track or tracks thereof are laid, and shall keep the same constantly so paved or macadamized or graded or regraded, and constantly in repair, flush with the streets and with good crossings approved by the Mayor of said City and the City Engineer and it shall be the duty of said grantees, their successors and assigns, whenever steps are taken by the City Council of said City or property owners acting under its authority according to law, to do or cause to be done any of the street work or improvements herein enumerated, to cause said work to be done upon the portions of said streets which said grantees, their successors or assigns, are required to repair and keep in repair at the same time and in the same manner, and under the same supervision as above provided, without special notice or order from said Board or City Council.

5. The roadbed of said railway shall conform at all times to the established grade of the street or streets, on or over which the same is laid, and no rails shall be laid or maintained in elevation above or below the established grade of the street.

6. Cars sufficient for the transportation of all passengers desiring passage shall be run over every part of the said railway constructed under this Franchise, each way on every day unless prevented by the elements, riots, strikes or unavoidable causes at intervals of not more than one hour between sage of surface water under the tracks of said railway wherever and whenever necessary, and as directed by the City Council of the City of Reno, and all such culverts and flumes, and all curves, acqueducts, turn-outs and switches, shall be constructed in accordance with plans and specifications approved by the City Engineer of said City, or by the Mayor thereof. Said grantees, their successors in interest and assigns, shall have the right to excavate and remove such portion of the street occupied or to be occupied by their tracks and poles as may be necessary to properly construct said railway, and to erect needful apparatus and appliances to properly and fully equip and operate said railway subject to regulations by said City Council and to the provisions of law or ordinances relating to obstruction of streets, provided, however, that if said grantees or their successors in interest or assigns, shall in constructing or operating said railway or any portion thereof, or any of the appurtenances thereto belonging cut or injure any sewer or underground acqueduct or pipe line on or under said street, the same shall be repaired to the satisfaction of the City Council, or Mayor thereof, and left in as good condition as formerly, by and at the expense of the said grantees, their successors in interest and assigns.

8. The City of Reno and the City Council thereof, in granting said Franchise, expressly reserves the right to pave or repave, macadamize or remacadamize, grade or regrade, renew sewer, or resewer or otherwise improve at any time any of the streets occupied by said railway (the grantees, their successors in interest and asigns covenant to perform said work upon the portions of said streets required of them to be kept in repair at the same time and in the manner aforesaid) or to lay gas, water or other pipes thereon or thereunder. Said work to be done at such time and such manner as to interrupt, interfere with, or injure said railway, and the operation thereof as little as possible.

9. All the poles erected or used by said grantees, their successors in interest or assigns, either for the purpose of supporting or carrying trolley wires, cross wires or feed wires, shall be of wood or iron, and set upon the sidewalks flush with the inner or outer line of the curbings or curb lines as the case may be and as the City Engineer may direct, of any and all streets occupied by said railway and no trolley wires or feed wires used by said grantees, their successors in interest or assigns, in connection with said railway shall be strung or carried less than sixteen feet above the ground, unless otherwise permitted by the City Council of said City: provided, however, that said grantees their successors in interest or assigns, shall have the right and right of way, and the same are hereby granted along and upon such of the public streets or portions thereof of said City as may be necessary therefore to erect poles and string and carry thereon all feed wires and other wires needful for the proper operation of said railway and provided further, that all such feed wires shall be properly and sufficiently insulated so as to diminish the danger therefrom to life and property as much as possible: and, provided, that return currents shall be carried, according to the most approved method, so as to avoid as far as possible injury to water pipes and other property provided that an electric trolley wire system be used.

Section 10 Regular police officers, and special police officers when on duty or going to or returning therefrom, and the carriers of the United States mails shall be carried free upon the lines of the entire system covered by this Franchise: and the rate of fare for any distance one way over said railway shall not exceed five cents and one passenger, provided however, that no fare shall be demanded or collected of or from any passenger carried over any part of said railway until a seat shall have been provided for him or her in the car in which he or she is traveling (unless the failure to so provide a seat or seat is due to an excessive extraordinary or unforseen amount of travel at the time; and provided further that any person who boards a car after being informed that the seats thereon are all occupied shall not be exempt from payment of fare; and provided further that the grantees their successors in interest and assigns shall and must, at all times upon and after the completion of said railway and during the operation thereof and without extra charge, issue and receive from passengers going in one direction tranfers good for one continuous passage over and upon any and every other line or lines of any other railway or railways within said City which said grantees or their successors or assigns shall contruct under this Franchise or may hereafter own, control or operate and said grantees, their successors in interest and assigns, shall and must at all times as aforesaid issue or cause to be issued to said passengers without extra charge a similar transfer from any and every other railway or railways which said grantees their successors and assigns may hereafter own, operate or control as aforesaid, to or over and over and upon any railway operated and maintained under this Franchise.

Section 11. The grantees their successors in interest and assigns, shall, whenever said tracks are made within the fire limits of said City in case trolley wires are used in overhead construction of said railway, place ground wires over and about said overhead trolley wires within said fire limits, and the same shall be subject to changes and modifications to conform to the latest improvement for the safety and protection of the public, said changes to be made by said grantees their successors in interest and assigns, when directed by said City Council.

Section 12. No switch or turnout shall be located at the junction or intersection of any street with another street and when operated in the night time each car shall have placed in its front and rear, a light so that the same may be plainly seen by persons on the street. None of the cars of said grantees, their successors in interest and assigns, shall be unnecessarily left standing in the street for an unreasonable length of time.

Section 13. The City Council of said City reserves the right to make by ordinance or resolution all reasonable police or other regulations to be observed by the owners or operators of or under this Franchise of any property acquired or used by said owners or operators for the security of the life, health and property of persons.

Section 14. The tracks of said street railway shall not be wider than the standard railway gauge nor less than three feet between the rails.

Section 15. Nothing herein contained shall be deemed to be a waver by said City or said City Council of its right to impose upon said Franchise, and the property owned, held or operated by said grantees, their successors in interest and assigns, thereunder, any license tax that may be allowed by law or fixed and determined by ordinance passed or which may hereafter be passed by the City Council of said City; but it is agreed, in consideration of the payment of 2 per cent, upon the gross revenues as provided in section 17 of this resolution, that no license tax shall be assessed against the said grantees, their successors in interest or assigns, in an amount greater than $100 per quarter.

Section 16. It is understood and agreed and the grantees, their successors in interest and assigns, hereby grant to said City its successors and assigns, the right and privilege of using any of the poles erected in conection with the operation of said railway for the erection and construction of its police and fire alarm systems, provided that said wires shall be used in such a manner as to cause as little inconvenience to the grantee as possible.

Section 17. Said grantees or their successors and assigns, shall annually during the life of said Franchise pay to said City of Reno in lawful money of the United States, two per cent of the gross receipts of said grantees, their successors and assigns arising from the use, operation or possession of said Franchise: such payments shall be made annually on or before the first day of August in each year for the to file with the City Clerk of said City of Reno on or before the first day of August in each and every year from the date of the granting of said Franchise, a statement verified by the oath of the manager or presiding officer of said grantees or their successors in interest, and assigns showing the said total gross receipts or gross earnings as aforesaid collected or received by said grantees or their successors and assigns, during the preceding fiscal year as aforesaid, from all passengers and the United States mails carried or transported in any direction over any part of said railway for the construction and operation of which said Franchise is granted provided however that the said City and City Council thereof for the purpose of confirming and verifying said statement hereinabove mentioned, shall have full and free access by any committee of its members appointed therefor or by any agent, representative or accountant whom said City Council may appoint therefore, to the books, accounts papers and vouchers of said grantees or their successors in interest and assigns.

And further in consideration of the said Franchise, the said applicants and petitioners agree for themselves, their successors in interest and assigns that they will pay or cause to be paid all the expenses of the special election and expenses incident thereto provided by law.

Section 18. The work of constructing said railway shall be commenced in good faith within not more than ninety days from and after the date of granting said Franchise, and shall thereafter be prosecuted in good faith without unnecesarydelay until the completion thereof: and provided further that said Franchise shall be void as to Fourth street from the eastern limits of said City to Lake street and on Lake street to Plaza street unless completed and in operation thereon before the First day of October, 1904 and shall be void as to such other portions of the streets and avenues hereinbefore named, as the said street railway system may not be completed and in actual operation upon within Three years from and after the date of the granting of said Franchise; except the time during which such work may be prevented by injunction, strikes, or acts of God shall not be included within said limits of time; then the said grantees, their successors and assigns shall forthwith without the action of the City Council of the City of Reno, and without suit, forfeit all rights, Franchises and privileges granted hereunder as to such streets or portions of such streets wherein such street railway is not completed and in actual operation within the period hereinbefore specified.

Section 19. Any neglect, failure or refusal to comply with any of the terms, conditions or obligations of this resolution for the granting of said Franchise or of the Franchise granted by said City and City Council by said applicants and petitioners, their successors in interest and assigns, as grantees thereof other than failures already provided for herein shall thereupon create in said city a right and cause of action to have this Franchise and the whole thereof forfeited, and said City shall thereupon be entitled to take such action and institute such proceedings as may be necessary or essential to have such forfeiture fixed and declared.

Section 20. Said applicants and petitioners, their successors in interest and assigns, as grantees, are hereby required to accept in writing this Franchise given in pursuance to this resolution and by the election held for the purpose of granting said Franchise and all the terms, conditions restrictions and limitations thereof within twenty days from and after the granting of said Franchise: which said written acceptance shall be duly executed and filed with the City Clerk of the City of Reno, and unless said acceptance is so filed within said time this Franchise shall become void, forfeited and of no effect.

Section 21. The term "streets" where ever and whenever mentioned herein shall include avenues.

Section 22. And further in consideration of said Franchise, said applicants and petitioners agree for themselves, their successors in interest and assigns, that they will sell the said street rail way system together with its appurtenances unto the said City of Reno at any time after the 1st day of January, 1914, at the actual cost or book value thereof with 7 percent, interest per annum added, and in computing the said interest, the said City of Reno, if it avails itself of this option is to be allowed a credit in an amount equal to any and all dividends which may have been derived from the said street railway system in the said City of Reno by said petitioners or their assigns from and after the granting of said Franchise to the first day of January 1914.

And be it further resolved that a special election be, and the same is hereby called to be held in the City of Reno on Tuesday, the Tenth day of November, 1903 in the manner provided by law for the purpose of enabling the qualified electors of said City of Reno to vote upon the granting of the said Franchise and that the question to be submitde to the said qualified electors at said election shall be: "Shall the Franchise for a street railway system in the City of Reno be granted unto J. B. O'Sullivan, John Sunderland and Oscar J. Smith, and their successors in interest and assigns, for the time and in the manner, and according to the terms and conditions set forth in the resolution passed and adopted by the City Council of the City of Reno on the Sixth day of October 1903 providing for the granting of the Franchise applied for by said applicants."

AND BE IT FURTHER RESOLVED that this resolution be published in full in the Nevada State Journal a newspaper published in the City of Reno, for at least four weeks preceding said day of election, and that the City Clerk be and he is hereby instructed and directed to post a copy of these resolutions, calling said special election in some prominent place of each ward of the said City of Reno and that he make due proof of such posting to the City Council of the City of Reno by proper affidavits or affidavits.

Passed this Sixth day of October 1903.

Approved by: Geo. F. Turrittin this Sixth day of October 1903 Mayor of the City of Reno.

Attest: D. E. Morton, Clerk of the City of Reno.

I hereby certify that the foregoing resolution at a regular meeting of the City Council of the City of Reno held on the Sixth day of October, 1903, introduced by Councilman N. E. Wison, and was by said Board of City Council thereupon ordered published in full in the Nevada State Journal a newspaper published in the City of Reno for at least four weeks preceding the said day of election and said Nevada State Journal is a daily newspaper printed, published circulated in said City: and that said resolution was passed by the following vote, to-wit:

Ayes: H. M. Martin, E. L. Dranno, G. A. Koppe, N. E. Wilson.

NO: None.

Absent: W. J. Luke.

And was approved by Geo. F. Turrittin, Mayor of the City of Reno.

Attest D. E. Morton, Clerk of the City of Reno.

Resolved, that J. B. O'Sullivan, John Sunderland and Oscar J. Smith, their successors in interest and assigns, upon accepting the franchise as provided in Section 20 of the Resolution of this City Council passed October 6, 1903, shall give a good and sufficient bond, to be approved by this City Council, in the sum of $2500, conditioned that the said J. B. O'Sullivan, John Sunderland and Oscar J. Smith, their successors in interest and assigns, shall have that portion of the proposed street railway between the eastern city limits on Fourth street westerly to Lake street and southerly on Lake street to Plaza street in operation thereon before the First day of October, 1904 and shall be void as to such other portions of the streets and avenues hereinbefore named, as the said street railway system may not be completed and in actual operation upon within Three years from and after the date of the granting of said Franchise; except the time during which such work may be prevented by injunction, strikes, or acts of God shall not be included within said limits of time; then the said grantees, their successors and assigns shall forthwith without the action of the City Council of the City of Reno, and without suit, forfeit all rights, Franchises and privileges granted hereunder as to such streets or portions of such streets wherein such street railway is not completed and in actual operation within the period hereinbefore specified.

Passed this seventh day of October, 1903.

Approved this 7th day of October, 1903.

GEO. F. TURRITTIN, Mayor.

Attest:

D. E. MORTON, City Clerk.

APPEAL IS MADE FOR FIRE BONDS

Correspondent States Reasons Why Every Citizen of Reno Should Vote and Work for the Issue of Bonds for Protection Against Fire

The attention of the property owners and business men generally of the City of Reno who desire protection against fire, and which the city council of Reno have decided is an absolute necessity, should know that a certain class of the inhabitants of the City of Reno, it is noised around, will at the polls on election day try to defeat the carrying of the bond issue, for the reason, it is said, that some certain individual will have the purchasing of the said fire apparatus, which is not a fact, as the apparatus and the lots to be puchased will be purchased by the city council or a committee that may be appointed by said city council for the purpose An old saying is that a poor excuse is better than none, and the excuse quoted is certainly just a trifle better than none.

There always is an element in every community who delight in tearing down, while others try to build up. There certainly cannot be a right thinking and well meaning person who has the welfare of the city of Reno at heart, and the desire to see the city well and effectually protected against fire, but who will cast his vote for the very much needed additional fire house or houses and the better equipment of the department remembering that at the present time we have but one steam fire engine to protect the entire city of Reno. Should two fires occur in the city at nearly or about the same time one or the other of the fires would have to be allowed to burn itself out. On the other hand, should an accident occur to No. 3 engine, which should disable it while working at a fire, say for example at the Hymers' fire with no other engine to replace it, it certainly would result in the destruction of the business portion of the city. Still another example, take the many two and three-story buildings now in the city and the contemplated four story buildings, how in case of fire, should the stairway be cut off, can the present department work to extinguish the fire without a ladder in the department capable of reaching the first story of the building.

All these matters should be duly considered, and now that there is an opportunity for protecting the city against a similar calamity as befell Reno on March 2d, 1879, which many of our business men recollect with sorrow to this day, the question arises shall we stand back at this time and allow a few unscrupulous individuals, who have no interests in common with business men and property owners, knock out that for which we have been striving to get for years, the protection of our commercial industries and homes?

Your voices on November 10th, 1903, will tell. Turn out all who are interested and vote "yes" on this fire bond issue

Respectfully,
H. J. THYES.

COMING ATTRACTION AT THE OPERA HOUSE

"The Storks" is Coming to Reno and Will Entertain Reno Theatergoers in Superior Style

Of all the many musical attractions contracted with for this season, the engagement of "The Storks," announced for McKissick's Opera House next Tuesday evening, is one of the most important bookings of the season, and justly so, inasmuch as its record of five consecutive months at Dearborn Theater, Chicago, is a run unequalled by any attraction for that city. It later played in Boston for two months.

The production is recognized as being one of the most elaborate and pretentious ever manufactured in the west, and the company of seventy-five is undoubtedly one of the most eminent and costly en tour and their large "birdie" array of singing and dancing girls is, according to the opinion of the press and public, the most beautiful, youthful and fascinating bevy that has ever graced a stage. They are all western girls and broadly heralded as being possessed of a more pronounced stamp of American chic than those of any of the many eastern and foreign aggregations seen here on previous occasions.

THE GAME RESULTED IN A TIE SCORE

High School Eleven Plays Against the Second Team of the University Without Either Making a Tally

The second eleven of the university and the high school team played an interesting game of football on the 'varsity campus yesterday afternoon. Neither team made a touchdown. The second eleven men hit the line for good gains but were weak at end running.

The high school boys made their best gains around ends and had their interference been stronger they would have made a touchdown. The ball was within ten yards of the second eleven's goal at one time in the second half.

A number of the plays were spoiled by fumbling. Both teams with a little more practice will put up a good game. They may meet again next Friday.

SAVES TWO FROM DEATH

"Our little daughter had an almost fatal attack of whoping cough and bronchitis," writes Mrs. W. H. 'Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and $1 bottles guaranteed by S. J. Hodgkinson, trial bottles freee.

DROPSY

Do Your Ankles or Limbs Swell? Are Your Eyes Puffy? We are the Sole Agents for the Only Thing Known That Cures the Kidney Diseases That Cause Dropsy, viz.: Fulton Compounds.

It is now well known that dropsy is not in itself a disease, but is nearly always a symptom of kidney disease that accompanies the chronic stages heretofore incurable. Hence, up to the discovery of the Fulton Compounds, dropsy was incurable. It is now, however, curable in nearly nine tenths of all cases. Here is an interesting recovery, to which we refer by permission.

Mrs. Peter Goyhenix of 928 Fillmore street, San Francisco, became alarmingly dropsical. Her physician had finally to tap her every few days. She was tapped nearly forty times and grew worse from day to day. The physician finally told her husband that she had Bright's Disease of the Kidneys, that it was in an advanced chronic state and beyond medical aid Her heart also gave her the usual trouble and she was in such a serious condition the relatives were sent for. They put her on Fulton's Compound. It stayed on the stomach, the first thing that had done so for a week. The second week the dropsy declined a little and the improvement was then gradual till her recovery was complete. This case was examined into by representatives of the San Francisco Star and the Overland Monthly, and the genuineness of the case and the recovery were fully attested in their columns.

Mrs. Thomas Christol of 426 Twenty-seventh street, San Francisco, was also swollen with dropsy, as the result of chronic kidney disease to more than seventy-five pounds beyond her normal weight, and had to be moved in sheets and was close to death's door although she had four physicians. She was put on the Fulton Compounds Three weeks showed improvement and in six months she was well, and permits this reference

If you have dropsy don't temporize. There is only one thing known that will cure the chronic kidney disease that is behind it and that is Fulton's Compound. The Renal Compound for Bright's and Kidney Diseases, $1: for Diabetes $1.50. John J. Fulton Co., 409 Washington street, San Francisco, sole compounders Send for pamphlet. We are the sole agents for this city.

J. B. McCULLOUGH, Druggist.

Whereas, a special election has been heretofore called by the City Council of the City of Reno, County of Washoe, State of Nevada, to be held in said City of Reno on Tuesday, the tenth day of November, 1903, at which special election the following questions will be submitted to the vote of the qualified electors of said city, pursuant to resolutions duly and regularly passed by the said City Council, towit:

(1) "Shall the franchise for a street railway system in the City of Reno be granted unto J. B. O'Sullivan, John Sunderland and Oscar J. Smith, and their successors in interest, and assigns, for the time and in the manner, and according to the terms and conditions set forth in the resolution passed and adopted by the City Council of the City of Reno on the sixth day of October, 1903, providing for the granting of the franchise applied for by said applicants?"

(2) "Shall the City of Reno, County of Washoe, State of Nevada, borrow thirty thousand dollars ($30,000) to purchase a lot or lots in said city; to construct and erect thereon necessary and proper buildings for fire engine purposes; to equip the same with the necessary appliances; to repair and enlarge the fire engine house now owned and used by said city; to purchase fire engines and necessary equipments, and to issue and sell the bonds of said city therefor?"

Now therefore, Be it resolved that this proclamation and these resolutions be published in full in the Reno Evening Gazette and also in the Nevada State Journal, newspapers published in this said City of Reno in every issue of said papers until the said day of election, and that a copy of this proclamation and these resolutions be posted in some prominent place in each and every ward in said city by the City Clerk and that he make due and proper proof of such posting to this city Council

And be it further resolved that notice be, and is hereby, given, that on Tuesday the tenth day of November, 1903, in the City of Reno, County of Washoe, State of Nevada, a special election will be held pursuant to an act of legislature entitled "An act to incorporate the Town of Reno, and to establish a city government therefor," approved March 16 1903, and in accordance with the general election law entitled "An act relating to elections," approved March 12, 1873 and acts supplemental thereto and amendatory thereof, so far as the same may be applicable; and pursuant to the resolutions of this City Council heretofore passed,

And be it further resolved that the City Clerk be, and he is hereby, instructed to prepare and provide at the expense of the city suitable printed stationery for use as ballots so as to fully carry out the intent and purposes of such election together with all necessary tally sheets and other necessary stationer and all paraphernalia necessary for conducting such election according to law; and that the ballots have printed on them, verbatim, the two questions to be submitted to the qualified electors at such election, with the words "Yes" and "No" appropriately placed after each question, to enable voters to indicate their choice, according to the provisions of law respecting ballots,

And be it further resolved that the polling places for said special election shall be as follows, towit.

First Ward, at the courthouse.

Second Ward, at the fire engine house.

Third Ward, at the City Hall

Fourth Ward, at the basement of the Congregational church.

Fifth Ward, at the Becker building, corner of Walnut and West streets.

And that the following named persons be, and they hereby are designated to officiate as Inspectors and Clerks of said special election towit.

First Ward — Inspectors, Thomas Wetherell, Frank Germain and B. M. Coffin. Clerks, C. H. Burke and Angus North.

Second Ward — Inspectors, D. W. O'Connor, R. R Crawford and D. Hough. Clerks, Al Holmes and C. P Ferrel.

Third Ward—Inspectors, W. H. Stevens, H. Sample, J. M. McCormack Clerks, James Lane and W. H. Noves.

Fourth Ward — Inspectors, Samuel Frandsen, Charles Hobbins and A. W. Cahlan Clerks, W. W. Webster and George O. McNees.

Fifth Ward—Inspectors, E. C. Leadbetter, William Brandon and Earnest Thyes. Clerks, Fred Morrill and W. A. Moore,

And that the polls be open from the hours of 8 o'clock a. m., of said day until the hour of 6 o'clock p. m., of said day. And that all the qualified electors residing in said City of Reno whose names appear upon the official registry list or lists of said city (then town) of Reno, or Reno Precinct, for the general election held in 1902, are qualified to vote at said special election.

And that the above named election officers make due and legal return of said special election to this City Council.

Passed this 16th day of October, 1903.

Approved this 16th day of October, 1903.

GEO. F. TURRITTIN,
Mayor of the City of Reno.

Attest:
DANIEL E. MORTON,
City Clerk.

I hereby certify that the foregoing Proclamation and Resolutions were introduced by Councilman Luke at a regular meeting of the City Council of the City of Reno, held on the sixteenth day of October, 1903, and were duly and regularly passed at said meeting, and ordered published in the Reno Evening Gazette and also the Nevada State Journal, daily newspapers printed, published and circulated in said City of Reno, in every issue of said papers until the day of the Special Election mentioned in said proclamation and resolutions; and that said proclamation and resolutions were passed by the following vote, towit

Ayes: Messrs. Drappo, Koppe, Luke and Wilson.

Noes. None.

Absent: Mr. Martin.

And were approved by Geo. F. Turrittin, Mayor of the City of Reno.

Attest:
DANIEL E. MORTON.
City Clerk of the City of Reno.
Reno Nevada, Oct. 16, 1903. td

DO GOOD—IT PAYS

A Chicago man has observed that, "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragements more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by S. J. Hodgkinson.
